Am *Dm*

Dm *Am*
I am a child of the universe
C
Part of all women and
Am
part of all men.

Lai larara lairai, Lai larara lairai..

Once upon a sometime and
once upon a somewhere and
once upon a somehow
there was a Big Bang.
Energy revolving and energy
dissolving
energy evolving and
that's what I am.

I am as old as the universe.....

Lai larara lairai...

I am just a flower that
blossoms for an hour
but in me there's a power
that blows on and on
Power in the roots of me
power in the shoots of me
power on the fruits that will
pass my seed on.

I am as old as the universe.....

Lai larara lairai...

I am not a somebody
I am not a nobody
I'm a cell in one body
filling all space.
all I ever should be
and all I ever would be
and all I ever could be is
here in this place.

I am as old as the universe.....

My heart has opened its wings
With you I have learned how to fly.

Heart`s mystery

Dm C
When you let go of fear the truth will
Dm C
appear so simple and clear
Fmaj7 C
There`s a feeling inside so deep and
so
Fmaj7 C
wide so open and free.
Fmaj7 C
When love is revealed all beings are
Fmaj7 C
healed so naturally.

When you let go of fear...

Let your light show the way forever
to stay in the circle of friends.
Let your heart be your guide
to lead you inside where love never
ends.

When you let go of fear...

And when love overflows you can
only let go and be swept out to sea.
This journey will end where it started
my friend in the heart`s mystery.

No one's slave

Dm
No one's slave,
I am no one's master.
Gm
On my grave they will write this
Dm C
After I am gone.

Dm
I will be gone.
C A
And then my flesh will go to the
Dm
earth it lived on,
C A Dm
Breath will go to the air it lived
from.

Dm
I am through with the pain of my
lying,
Dm
I got my fill of the cruelty and
crying,
Gm
Earnd my keep in the land where
Dm C
the dying desert grows.

And now I know.
And I am looking out for a new
perspective,
Listening out for a new directive
Going home to the land of my
Mothers
I will walk with my Sisters and
Brothers
We will share what is good with
each other in our love.

It is a love.
It is the love
That brings you the invitation.
Join me now in my invocation
Mother Earth I was nearly the end
of you.
Please accept my desire to be
friends with you.
Now I know just how much I
depend on you for life.

You are my life.
You are that life that grows in the
flesh I'm weaving.
Life that blows in the air I'm
breathing.
I'm as strong as a tree on a
mountain.
full and fresh as a free flowing
fountain.
Bright and clear as the stars
beyond counting in the night.

I am their lights.
I am the light that shines in a
thousand people.
In my sight every life is equal.

No one's slave....

I will be gone

crashing to the shore, it leads me.

Smooth, smooth as a pebble
polished in the depth of love and
carried by the wings of grace
on the wings of a dove.

So shine, shine as a diamond
projects the light of One
from the source we are sent through
the center
as the moon reflects the sun

arise and awake from your slumber
kindle the ancient flame
as witness through the waves of
what?s to change
though the essence remains the
same

... all finds the way

beneath the clear sky

Now those who were young
would be hushed off bed
at night by the fire
the pipes could be heard
it was the sound of the wind
and the trees and the stream
and the moonlit night
where the banshees scream

and the old folks would tell
of magic long gone
of elves and the fairies
their laughter their song
of the stones of midsummer
and the power within
of travelling people
and the places they have been

Now come around people
in this time-honored place
down in the hollow
beneath the moons face
don't need much money
for the road isn't poor
so come with me together
we travel some more

Leave stinky black town
of civilized man
where black tar and concrete
have strangled the land
come out in the open field
running with me
and together we'll find out
what it means/is to be free
